

Pool Party Pals Alphabet Line (Standard Manuscript) T-8267

★ Featured Display: Alphabet Animals

Invite more animals to your pool party! Students work in pairs or small groups to brainstorm more animal names for each letter of the alphabet, and write them on note pad sheets. Display sheets near the corresponding letters on the alphabet line and connect them to the letters using colored yarn. For extra fun, use each list as a silly story starter about a group of animals going on a vacation. Where will they go... and what will happen?

★ You'll need
