

Splashy Colors Alphabet Line (Modern Cursive) T-8269

★ Featured Display: The Art of Writing

Encourage students to see handwriting as an art form. Using a black marker, write a large cursive letter in the center of each of 26 pieces of drawing paper. Then students create a picture—such as an animal or scene—that incorporates the letter. Arrange these drawings beneath the corresponding letters of this bulletin board set. These imaginative drawings will inspire everyone!
