

Terrific Papers™

Terrific Papers™ are the ideal choice choice for creative awards, flyers, and a wonderful variety of creative designs! Here are a few fun ideas.

Beautiful Butterflies

Add butterflies to your displays! Fan-fold a sheet or two of Terrific Papers™ and secure with a black pipe cleaner twisted around the center of the folds. Shape the ends of the pipe cleaner into antennae, and spread out the fan folds for the wings. Decorate with superSpots® Stickers.

Paper Lanterns

Fun accents for your next party! Fold a piece of Terrific Papers™ in half length-wise. Cut long slits in the paper evenly along the fold. Unfold, lap the edges with the fold out, and glue. Use ribbon or strip of paper to create a lantern hanger.

Playful Pooch Notes

Here's a way to send a memorable note. Cut a ¼" square from the corner of a piece of Terrific Papers™. Write your note on the blank side. Fold into a triangle with the printed border showing on one side. Fold from the center of the long edge so that the bordered points cross the middle of each cut edge. Draw a doggy face on the white space behind the pooch's ears.

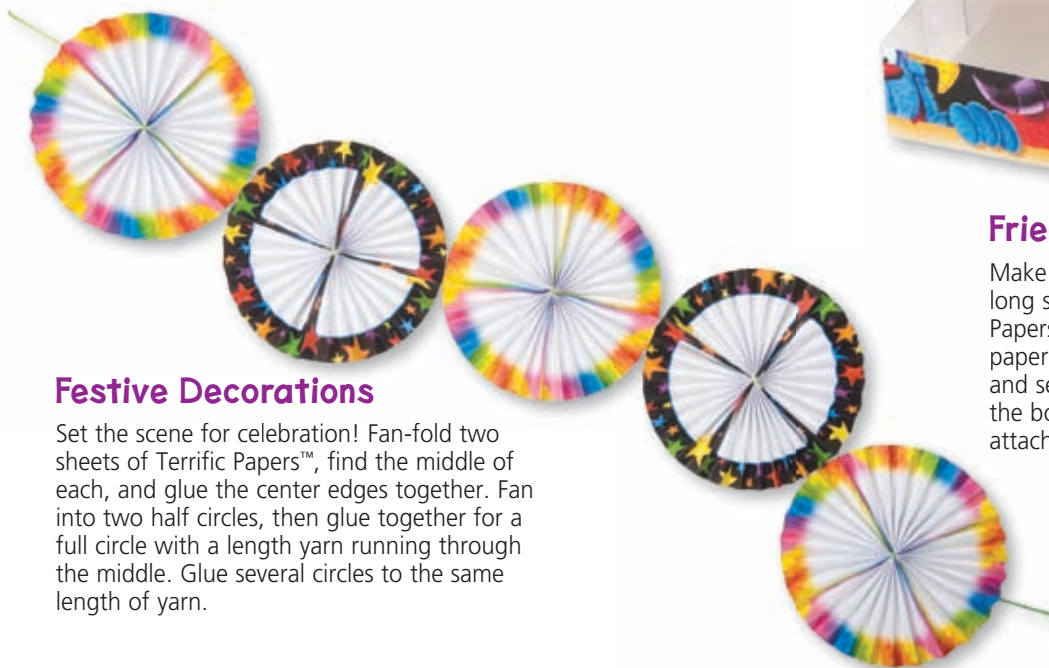

Friendly Boxes

Make a furry fun prize box. Cut 1" slits on the long sides of a sheet of Furry Friends™ Terrific Papers™ 1" and 5" from each corner. Fold the paper at each of the slits, then fold up the sides and secure the flaps to make a box. Bend up the bottom of a Furry Friends™ Mini Accent and attach to the box to make a handle.

Festive Decorations

Set the scene for celebration! Fan-fold two sheets of Terrific Papers™, find the middle of each, and glue the center edges together. Fan into two half circles, then glue together for a full circle with a length yarn running through the middle. Glue several circles to the same length of yarn.

May (or Anytime) Baskets

Give baskets to celebrate spring or present rewards and other treats! Fold each side of a sheet of Terrific Papers™ two inches in from the edge. Cut diagonally in from the corners to the points where the folds cross. Stand the sides of the basket up and glue the triangular flaps to the neighboring sides to secure. Add a handle made of a border strip of Terrific Papers™, a length of Terrific Trimmers®, or colorful ribbon.

Elegant Envelopes

Make any note look more special. Measure in 2 3/4" from each long edge of a Terrific Papers™ page and fold. On the short sides, measure in 2 1/8" and fold to create a 5 1/2" x 4 1/4" rectangle in the page center. Cut out the corners along the folded lines, then cut matching curves into each set of flaps. After adding a note, lap the edge of each flap under the flap next to it. Seal with a sticker.

Unique Awards

Make quick awards for every need. Pair Terrific Papers™ with the Classic Accents® and Mini accents of your choice to design awards that you can print any time.

Party Invitations

Get your next party off to a wild start! Write or print your invitation on a piece of Terrific Papers®. Fold and use a Furry Friends™ Mini Accent or similar accent to hold the invitation closed as you deliver to a guest.

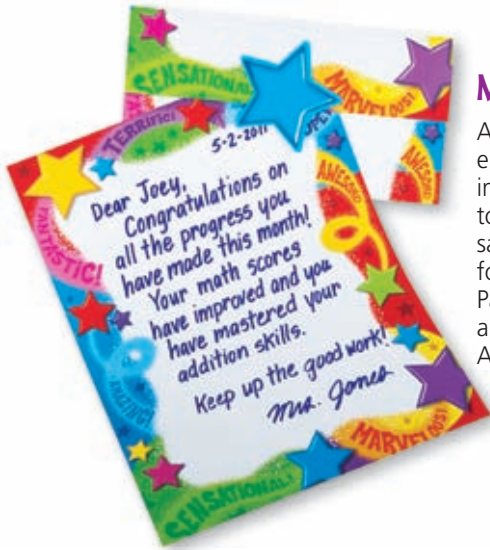

Origami sculptures

Folded paper shapes delight and teach learners to follow directions and pay attention to detail. Search the Internet or go to your favorite paper crafts store for thousands of creative ways to fold Terrific Papers™.

Tent-style awards

Make awards students can display. Fold a piece of Terrific Papers™ so that the border shows. Near the folded edge, glue on a Mini Accent such as Gumdrop Stars (T-10843) so that the accent rises above the fold. Complete by adding a student's name and achievement, and decorate with stickers.

Motivating Letters

A hand-written note of encouragement makes an impact! Use Terrific Papers™ to send a memorable message to a student. To deliver, fold a second sheet of Terrific Papers™ around your note, and seal with the Mini Accents shape of your choice.

Small Suitcases

Make two folds in the center of a sheet of Terrific Papers™ one inch apart. Line up the edges and punch holes evenly down the sides of the page. Lace yarn or ribbon loosely and tie to make a pouch. Add handles made from Frames Mini Accents pieces.

Class Reminders

Write a reminder that will get noticed! Terrific Papers™ are perfect for posting notes for the whole class to read. Choose a spot in your room to post reminders, and use a fun holder made from a clothespin and a Mini Accent shape to add emphasis.

Detail of clothespin holder.

Student Books

Create student memory books. Fold several sheets of plain paper and fill with a story and drawings. Decorate a folded sheet of Terrific Papers™ for a book cover. Punch two holes 4" apart on the folded edge of the book, then thread colorful yarn through and tie to bind the book together.
