

# Rocks & Minerals

Create a hands-on learning center that sparks a variety of learning opportunities.

Students study reference materials to create their own rocks and minerals flash cards.

## Featured Display

Decorate your presentation board and header with fadeless paper, trimmers, and the set pieces as shown. For shelves, score 12-inch slits across the folds of the board and insert cardboard circles. Make an instruction sheet outlining several rock tests for students to perform in pairs or small groups. To extend learning, have students research facts about various rocks and minerals, and then record their findings on blank flash cards. Keep this custom card set in your center for hands-on learning anytime!

## You'll need

- T-8604 **Rocks and Minerals Bulletin Board Set**
- T-38299 **Types of Rocks Learning Chart**
- T-80010 **Stone Wall Discovery™ Trimmers**
- T-53010 **Make-Your-Own Pocket Flash Cards**
- T-30101 **Presentation Board 36" x 46"**
- T-30200 **Presentation Board Header**

Yellow fadeless paper, double-stick tape, 12" cardboard circles, rock and mineral samples, and books on rocks and minerals.

## Keep the theme going

- T-80009 **Rocks Discovery™ Trimmers**
- T-80006 **Agate Discovery™ Trimmers**
- T-81401 **You Rock! Discovery™ Recognition Awards**
